The Hague, 23rd February 2017

Subject: Extension of deadline for payback, new deadline 14th April

Dear Madam / Sir

On the 3rd of February we have sent you a letter about the implementation of the Falsified Medicines Directive (FMD) in the Netherlands. In this letter we explained what the role of foundation NMVO is in this implementation and the funding of the implementation.

We introduced a payback construction to stimulate an early commitment. A lot of Marketing Authorization Holders want to utilize the payback construction but informed the NMVO that the deadline for the payment of the entrance fee, that was set on the 1st of March 2017 is difficult to realize.

The board of the NMVO therefore have decided to act on this feedback. The construction was designed to stimulate early commitment. Because numerous Marketing Authorization Holders showed commitment but could not utilize the payback construction due to the short deadline, the board have decided to change the deadline. To utilize the payback construction a Marketing Authorization Holder will have to ensure that the payment is received by the NMVO at the latest on the 14th April 2017.

If this letter raises any questions, please feel free to contact the NMVO by sending an e-mail to info@NMVO.nl

With kind regards on behalf of the Board of the NMVO,

M.L.A. (Martin) Favié, Treasurer
